

Oskar's Blocks

*Designed by Oskar Van Deventer, purchased from Bits And Pieces, 2008.
(metal, 1.4 inches)*

Here are photographs of the three pieces being disassembled:

Here is the solution sheet that was sold with the puzzle:

Oskar's Blocks
Item #42700

The object of this brainteaser is to put the three pieces back together once you have taken them apart.

TO REASSEMBLE:

1. Find pieces A and B in figure 1. With the pieces in the position shown, slide A halfway into piece B.
2. Take the last piece (piece C) position it as shown in figure 2 in relation to A and B. Slide C into A and B.
3. Push piece A in then slide A and C to the left to reassemble the cube.
