

SpongeBob PuzzlePants

a.k.a. *SpongeBob Cube*
Burger King promotional item, 2004.
(plastic, 2.5 inches)

An easy but fun puzzle where the top and bottom halves can be rotated with respect to each other and a piece can be slid up and down. *Jaap's Page* observes that this puzzle is like a 2 high by 4 column *Whipit Tower* where all pieces are different (or similar to a small *Babylon Tower*), and presents a solution.
