Bolygok

Patented by Jozef Bogner 1981. (white / brown bodies, 1.7 inches)

Bolygok means *planets* in Hungarian. A generalization of the Hungarian version of *Instant Insanity* ("*Bognar Buvos Golyok*"). Rotate the balls to make patterns such as each side with all four colors or each side with the same color. The directions that come with it are in a long strip; here are pieces of it:
