

# Cuss

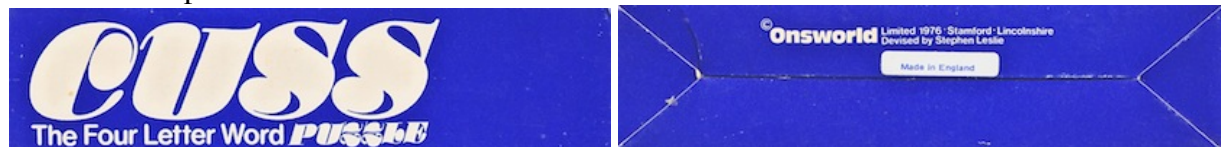

Devised by Stephen Leslie, Copyright 1976 Onsworld Limited, England.

(four plastic cubes, clues and solution cards, cardboard box 1+5/8" x 1+5/8" x 6.5")

In a theme a bit like *Instant Insanity*, arrange the cubes so that all sides show an English word. Although the solution included has the letters in correct orientation on all sides, the directions do not say if it is allowed to have a letter on its side or upside down, and the letters, N/Z, U/C, H/I can be read differently depending on orientation. In the diagram above the letters on the outer and inside faces have their correct orientations, except the R and T on the right of the second and third cubes are rotated 90 degrees counterclockwise, and the D on the right of the fourth cube is flipped horizontally. Here are the "clues" and solution cards provided:

<p><b>C</b></p> <p><i>clues</i></p>	<p><b>Clues</b></p> <p>1. Two blocks using the same name to make the word.</p> <p>2. Check the rest of the letters to find those with which you can do the same.</p> <p>3. If this does not help 'cuss'.</p>
<p><b>C</b></p> <p><i>solution</i></p>	<p><b>ZERO</b>                      <b>EXIT</b></p> <p><b>CASH</b>                     <b>GONG</b></p>

Here are the top and bottom of the box:

Here are the front and back of the box:

<p><b>Cuss</b></p> <p>The Four Letter Word <b>Puzzle</b></p> <p>Tell your friends that you know a puzzle that will have them using four letter words. Then show them Cuss. They will.</p>	<p><b>Cuss</b></p> <p>The Four Letter Word <b>Puzzle</b></p> <p>Simply arrange the blocks in a row so that each side carries a (Dictionary) four letter word, all reading from left to right. No foreign words or proper names allowed. A clue in case you get stuck and a solution are included.</p>
