

# Einstein Cube

*Patented by REFO Verlag GmbH 2002.*  
(plastic, 2.6 inches)

Turn the 6 rings so at each of the 12 places they meet the colors match. This is a slightly simpler and more colorful version of the *Turn 12* puzzle that has 24 numbers on each ring (each in the range 3 to 9, where matching is by adjacent numbers summing to 12 - see *Jaap's Page*). Here are the directions that came with the puzzle:
