

Snake Pit

**NATURE'S SPACES
SNAKE PIT
PUZZLE**

Start with the border... then add the center. The challenge: no snake can have two heads... no snake can have two tails! Give it a try—but don't let it get you rattled!

Snake Pit™ is one in a series of challenging, "heads-tails" puzzles from Binary Arts. Our rattlers are Western Diamondbacks, a species native to America's Southwest.
