

What's Your Age

WHAT'S YOUR AGE?

A simple trick that will give you lots of fun:
"Telling the ages of your friends"

DIRECTIONS
Hand the cards one at a time to someone and have him tell you which cards have his age printed on them. When all six cards have been returned, take the ones that carry the age of your friend, and by adding the first numbers in the left-hand top corner, you will have his exact age.
