

Good Luck

Made 1919.

(cardboard box and 11 stone pieces, 2.6 by 3.3 by 7/16 inches)

Below are the directions that came with the puzzle. *Hordern's book* dates this puzzle, and gives solutions of 27 moves to get the three discs to the center and 28 moves to get them to the bottom (with GOOD LUCK on the first two rows).
