

Mad Triad Challenge

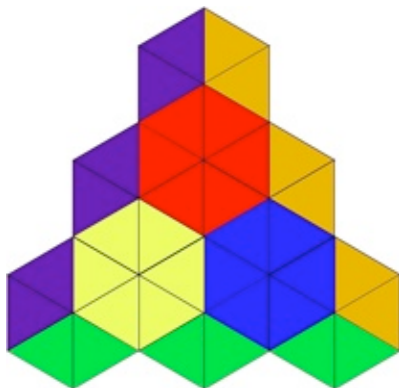

a.k.a. *Twisting Tri-Side Puzzle*

Patented by Heng-Chun Ku 2000, copyright Playroom Entertainment 2002,

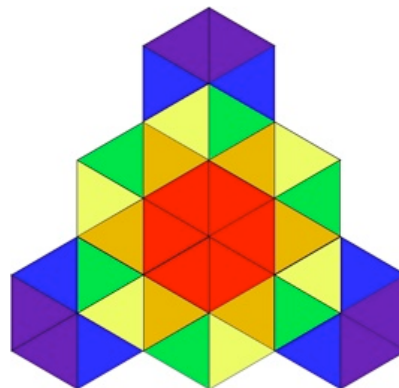

Made by Dah Yang Toy Industrial Co., China.

(plastic, 5 inches)

Turn the knobs to rotate a circle of six triangles. Mix up the puzzle and then restore it to six colored wheels as shown above, or make different patterns such as those shown below. *Jaap's Page* presents a solution.

Center Stage Wheel

Kaliedescope
