

Modern Times

Unfortunately we've got only this old broken wheelwork. Can you help us to reconstruct the original combination of the colors? That means the horizontal and vertical surfaces should have the same color as his opposite. An example is shown at the picture. If you get in a hopeless situation, which is rare, then use a trick!

Designed and produced by Jean Claude Constantin, 2011, presented at IPP 31, and also sold by Puzzle Master. (1/8" thick clear plastic over laser cut pieces in 3/8" plywood base, 5.5" x 5.5" x 1/2"; front and back of directions sheet shown above)
