Bolaris

Made by Diff Design, Finland, purchased from Amazon.com 2011. (plastic 2.75 inches diameter)

In a theme of the Hungarian Globe (a.k.a. Equator Ball), but with a gap into which pieces can move, mix up and then restore. This puzzle is the "Maailma" version; it was also made in a number of easier versions with simpler patterns; Jaap's Page presents solutions.
