This website stems from a pentomino project which was started in the former T.I.D. Ronse, Belgium (now K.S.O. Glorieux Ronse) in 1999. The project has mainly been developed by secondary school pupils from the 2nd, 3rd and 4th years in their Maths and Technological Education lessons and in their leisure.

Our website is still growing thanks to our webmasters:

Present webmaster
Maarten Wemel

School year 2004-2005: student 3rd year Electriciteit-Electronica
Age: 14
School: K.S.O. Glorieux Ronse (Belgium)

Previous webmasters

Wouter Wemel

Casper Verbuyst
We want to thank specially the director who helped and supported us from the beginning

Our pentominoes gave us new friends who had helped us much:

Aad van de Wetering (Holland)

Livio Zucca (Italy)
