## Description

★★★★★ (79)

Over The Top is a world-record 17x17x17 Rubik's Cube. It makes quite pretty patterns. It can take many, many hours to solve. The puzzle will be first presented live to the world at the New York Puzzle Party Symposium, Saturday Feb. 12th (by invitation only!). A YouTube video will be published after that event.

The complete Over The Top 17x17x17 puzzle requires

-1x [Set 1](#)

-26 x [Set 2](#)

(Actually, you need only 24x Set 2, but it is strongly advised to order some spare parts.)

## You can create your own

[what does this mean](#)

This model is not customizable. However, since this puzzle has so many parts, it has been split over multiple models. Please use the instructions in the description to order those multiple models. The purpose of this co-creator model is just to provide a price indication. The puzzle is much cheaper outside Europe, where no 19% tax needs to be paid.
