Loop Trap

Patented by Robert Boomer 1968.
(metal and plastic, main piece is 3" high by 3" wide)

Take the ring off; here is the solution that was sold with the puzzle:

---

SOLUTION
Pass Cord Trap (A) through hole (B). Lift Metal Loop (C) up and over Base (D), onto Rope (E), and pass Disk (F) through Loop (C). Pass Loop (C) through Hole (B) and over Disk (F).

---

ThinkFun has chosen the world’s best AHA! Brainteasers, each designed to first baffle and then delight seasoned and novice problem-solvers alike.
