

Pentomino Solutions

[Home](#) [Your Feedback](#)

[Pentomino helper](#) [Blokus puzzler](#)

Not counting rotations and reflections, for the 3x20, there are but two solutions, the other one derived from the one shown by rotating the section outlined in white by 180 degrees.

To see "I"- or "+"- based breakdowns, click on the P-pentominoes:

(some placements have unique solutions !)

the **2339** solutions of the 6x10

the **1010** solutions of the 5x12

the **368** solutions of the 4x15

the 6x10's in **congruent halves**

to refresh the sample solutions of all four

standard size puzzles.
