

# Pin-Hole Puzzle

**a.k.a. Pegged Puzzle**

*Purchased from Puzzles and Brain teasers EBay Store 2007.  
(wood dowel and 6 wood pieces with dowels, 2.75 inches;  
shown on Page 70 of Coffin's Book on Polyhedral Dissections)*

Six wood pieces with pegs and a key peg (the key peg has a little pin to make friction so it does not fall out of the solved puzzle). Here are solution steps:
