*Design,, copyright, and 3D print by J. A. Storer, 2022..
(plastic, 3 x 4 x 3/8 inches, with cardboard sleeve)*

Remove the black keeper and then slide the pieces to exchange **DIVE** and **FISH**; it can be done in 36 *rectilinear* moves. Motivated by the small size of the *Ride or Walk* puzzle and the "bridge" of the *Work or Golf Abridged* puzzle, this puzzle has a single fixed square, a free moving square, and the two I's are connected (forcing them to move only left and right in lock-step).
